

Professional Development/Training Sessions

Build capacity and leadership to advance inclusion and diversity in your organization

- ✓ Short, practical, engaging and informative sessions
- ✓ Tailored to the unique needs of your workplace or staff team
- ✓ Presented by expert local facilitators
- ✓ Participants receive Certificate of Completion for all sessions

Creating an Inclusive Physical Environment: A Practical Workshop

Practical information and often-overlooked considerations for creating a space that is inclusive and welcoming of persons with disabilities, both inside and outside of your business/organization. This session helps you to be proactive and avoid complaints and costly fixes. (Normally delivered as 2.5hr session).

Key content

- Understanding inclusion and inclusive planning in the physical/built environment
- Recognising and preventing/removing safety barriers
- Types of visible and nonvisible disabilities and related space requirements
- Commonly overlooked planning items to easily avoid
- Key steps to avoiding Blue Zone and other complaints
- Respectful language/terminology

Learning objectives

- ✓ Enhanced knowledge and understanding
- ✓ Practical skills and techniques to support persons with disabilities
- ✓ Improved capacity for inclusive space planning

Target audience

- ✓ Space planners, engineers, contractors, designers
- ✓ Managers and supervisors
- ✓ Anyone planning a new business/workplace
